

Which Level of Government Do I Contact?

Provincial and Municipal Responsibilities

Contact your municipal office about:

- preparing for a flood – what to do to protect your property
- getting sandbags and volunteers to build dikes
- information about emergency evacuation orders
- evacuation – where to go, help with evacuating
- local road closures and detours
- pumping water out of basements
- concerns about dikes failing or needing to be raised
- draining water from buildings and property
- digging ditches for drainage
- access to diked property during evacuation
- when it's safe to return to your property
- [applications for Disaster Financial Assistance program](#)

For a list of municipal offices and their phone numbers, go to:
web5.gov.mb.ca/public/community_lookup.aspx.

Contact the Manitoba government about:

- [flood forecasts](#) and [daily flood levels](#)
- [highway closures](#)
- [preparing for flooding](#) and [evacuation](#)
- [flood liaison offices](#)
- [concerns for the safety of your well or drinking water supply](#)
- [who to contact for help with stress](#)
- [returning home after flooding](#)
- [applications for Disaster Financial Assistance program](#)

Visit the Manitoba government's flood website at manitoba.ca or call 1-866-Manitoba.
