## OVER 1,000 STUDENTS EXPERIENCE MANITOBA BEEF

Manitoba Beef Producers was pleased to once again be part of Agriculture in the Classroom - Manitoba's Amazing Agriculture Adventure, held Sept. 17-19, 2013.

Students visited different stations representing agricultural commodities and experienced livestock up-close. At the beef station, students learned about beef in their daily lives through a beef product activity, and they got to hear what it is like to be a beef producer, from beef producers themselves.

Special thanks to all of the volunteers: MBP Directors Glen Campbell and Ramona Blyth; University of Manitoba Students Kristine Blair, Carollyne Kehler and Carson Callum. Also a big thank you to Trevor Carlson and Family at Up the Creek Cattle Co. Ltd. for showcasing their cow-calf pair "Nessie" and "Duke." Congrats to Agriculture in the Classroom on another spectacular event!
