## NEWS RELEASE

August 14, 2019

### Canada Beef Check-off Agency Elects New Members and Marketing Committee

Calgary, AB, August 14, 2019

The Canadian Beef Check-Off Agency (the Agency) is pleased to announce the Agency Board, following the Annual General Meeting on August 13, 2019 in Calgary, AB.

The 2019/20 Agency Members have been announced as:

- Primary Producers: Terry Wiebe, BC CIDC; Jeff Smith, Alberta Beef Producers; Doug Sawyer, Alberta Beef Producers; Chad Ross, Saskatchewan Cattlemen's Association; Mary Paziuk, Manitoba Beef Producers; Jack Chaffe, Beef Farmers of Ontario; Kirk Jackson, Quebec Beef Producers; Trevor Welch, New Brunswick Cattle Producers; Larry Weatherby, Nova Scotia Cattle Producers; and, David Francis, PEI Cattle Producers
- Canadian Meat Council: Russ Mallard, Atlantic Beef Products; Alexandre Fontaine, Montpak; Mike Kennedy, Cargill; and, Leslie Bielak, St. Helen's Meat Packers
- Retail and Foodservice: Steve Christie, Sysco Canada
- I.E. Canada: Coral Manastersky, Maple Leaf Foods

The Annual General Meeting of the

Agency was held in conjunction with the Canadian Beef Industry Conference at the BMO Centre.

Newly-elected Chair Chad Ross of Saskatchewan is thankful for the work of the past Chair and Agency Members, and is ready to continue the momentum, ensuring a strong return for Canadian producers.

"We have worked hard to structure the Agency in a way that meets the needs of our industry," said Ross. "It allows us to focus on the important aspects of our role: measurable returns for the check-off and import levy that are invested in our country."

Melinda German, General Manager of the Agency, feels confident that the Agency is set up for success.

"The work that our Agency Members put in last year has ensured that we have a solid foundation underneath us. This is incredibly important for the Agency as we keep our sights on our vision of a unified and sustainable national funding strategy for Canadian beef cattle research, market development and promotion," said German.

Joining Ross on the Agency's Executive Committee will be Jeff Smith of Alberta as Vice-Chair,

Larry Weatherby of Nova Scotia as Governance Chair and Kirk Jackson of Quebec as Finance Chair.

The Agency's Marketing Committee also re-elected two Members-at-Large to their committee this year.

The Marketing Committee is responsible for planning and establishing Canada Beef's strategic, business and operational goals and objectives and for the overall management and operation of the business and affairs.

The Marketing Committee is made of the following individuals:

- Elected: Helen Langford, HSL Consulting Ltd.; Becky Bevacqua, McDonald's Canada; Hubert Lau, BIXSco; Mike Guest, Western Prime Meat Processors; Jack Chaffe, Beef Farmers of Ontario; and, David Francis, PEI Cattle Producers; and
- Appointed: Mike Kennedy, Canadian Meat Council; Leslie Bielak, Canadian Meat Council; Russ Mallard, Canadian Meat Council; Alexandre Fontaine, Canadian Meat Council; Coral Manastersky, I.E. Canada and Steve Christie, Retail and Foodservice.

The Marketing Committee also elected their officers, including Mike Kennedy as Chair, Coral Manastersky as Vice-Chair and Russ Mallard as Finance Chair.

continued on page 2

The Agency would like to recognize the outgoing Agency Chair Heinz Reimer. Reimer has been an Agency Member representing the Manitoba Beef Producers since 2015, and through his year as Chair, led the Agency into a more focus and structured role.

Also departing the Agency this year are Charles Dyer and Lonnie Lake. Both of these Agency Members have provided keen insight and strong industry support to the organization during their tenure.

The Agency's 2018/19 Annual Report is available online at [www.cdnbeefcheckoff.ca](http://www.cdnbeefcheckoff.ca).

The Canadian Beef Check-Off Agency manages and administers the Canadian Beef Cattle Check-Off. By working with core partners, the Agency ensures that check-off dollars are invested into research, market development and promotion programs that deliver measurable value to the Canadian beef industry. The Agency is responsible for communicating the value of the check-off investment, as well as training and education of producers and funding partners, regulatory management, collection and administration of check-off dollars.

Manitoba Beef Producers is pleased to participate in the 30th season of Great Tastes of Manitoba. Elisabeth Harms will be profiling beef on behalf of MBP. These episodes will air on Sept. 14, Nov. 16, and Dec. 14 at 6:30pm on CTV Winnipeg.

## TESA APPLICATIONS DUE TO MBP BY DECEMBER 6

Manitoba Beef Producers is accepting applications for Manitoba's Environmental Stewardship Award (TESA) until December 6.

Since 1996, the Canadian Cattlemen Association's (CCA) TESA has recognized producers who go above and beyond standard industry conservation practices, setting positive examples for other cattle producers and the general public.

At the provincial level, the winning operation receives recognition for its outstanding contributions, which in MBP's case occurs in conjunction with its annual general meeting in February. All provincial award recipients then move forward to compete at the national level.

The national TESA recipient is announced during the Canadian Beef Industry Conference and CCA Semi-Annual Meeting in August. All provincial recipients are awarded an all-expense paid trip for two to attend this meeting.

Each TESA nominee exemplifies significant innovation and attention to a wide range of environmental stewardship aspects of their farm operation. Such innovations extend beneficially to areas far beyond their land, including water, wildlife and air.

All beef cattle operations in Canada may apply. Producers can either be nominated by an individual or organization, or apply themselves. Nominees and applicants compete for one of the provincial awards based on their province of residence.

For more information and to access the application go to <http://www.cattle.ca/sustainability/the-environmental-stewardship-award/>, or contact MBP for a copy.

The form, along with all supporting documentation (such as letters of support, photos and/or videos), is to be submitted to Manitoba Beef Producers c/o 220-530 Century Street, Winnipeg, MB R3H 0Y4 by December 6, 2019. The application can be emailed to [info@mbbeef.ca](mailto:info@mbbeef.ca).

The 2018 national level TESA winners was Manitoba's Circle H Farms, a purebred cow-calf operation owned and operated by Brian and Sonja Harper and family. The recipient of Manitoba's ESA in 2019 was Cameron and Lisa Hodgins, Hodgins Farm of Lenore, MB.

## Hay and Straw Listing Fact Sheet

Farmers and producers in Manitoba have numerous options when it comes to listing available hay and straw, and for buying hay, straw and alternative feeds. By no means is this list exhaustive and we encourage you to share other avenues for listing and buying with both Manitoba Beef Producers and Keystone Agricultural Producers.

### Manitoba Agriculture

Manitoba Agriculture can assist farmers and producers with questions on where to source hay, straw and alternative feed. Call 1-844-769-6224 or visit your local [Ag Office](#). The [Manitoba Agriculture Livestock page](#) also has tools and resources for dry conditions.

### Manitoba Government Hay Listing Service

The Manitoba government has a hay listing service that includes hay, pasture land, and alternative feeds available. There are also options to select certified organic and certified weed free feed. To learn more, [click here](#).

### Social Media

There are two dedicated groups on Facebook for buying/selling hay and straw.

[Manitoba Hay and Feed for Buy/Sell](#)

[Hay/Feed for sale in Saskatchewan, Alberta and Manitoba](#)

Other social media avenues including Twitter also feature hay for sale across the province, however that exchange needs to occur on a user to user basis.

### Hay Exchange

The internet Hay Exchange is a free hay listing and hay locator website. It includes listings from all 50 states and all Canadian provinces. For more information, [click here](#).

### MFGA Hay Relief Website

The Manitoba Forage and Grassland Association has a hay relief page on its website. See <https://www.mfga.net/hay-relief>.

### Others

Buy and sell websites like [Kijiji](#) and [eBrandon](#) will occasionally have listings for hay and straw.

# Manitoba Youth Beef Round-Up 2019 Results

## NEWS RELEASE

August 4, 2019

The cattle industry is in good hands after watching the participants at Roundup go through their educational and cattle show weekend. On August 2-4th forty eight enthusiastic Manitoba and Saskatchewan Junior Cattle Producers attended the 12th annual Manitoba Youth Beef Roundup in Neepawa, Manitoba. Excitement in the cattle industry brought out a top-notch group of interested cattle producers and 58 head of cattle. This year 22 new members attended Roundup for the first time.

Where else can you attend an event with 48 Junior members all working together as teams and in individual competitions, to learn the skills needed in the Livestock Industry. This is not just any cattle show, it is an all-around event to promote and educate youth to continue in the livestock industry. Our show would not happen without our dedicated sponsors, parents, Juniors and committee members who have stood behind this Junior All Breeds Show and helped to make it a success.

The weekend started off Friday afternoon with a presentation on judging techniques, parts of the animal and explanations on judging terms with Bill Biglieni of WLB Livestock. Following the judging workshop, Megan Baron gave an overview on how to give oral reasons for the judging competitions. During supper, Junior Director Taylor Carlson made a presentation on her trips

to Iowa and Japan for the Junior members to see the opportunities that are available for them. That evening all Juniors participated in the Photo Identification Contest – a fun, hands-on challenge where teams work together to complete 10 stations related to the cattle industry. It is a great way for Juniors to work together, make new friendships, learn new skills and have fun while doing it!

On Saturday, the Juniors were busy with many different events. In the morning they participated in Public Speaking, How to do an Interview, Individual Judging and attended a detailed informative workshop on the Verified Beef Program by Coordinator of VBP, Betty Green. In the afternoon, the Juniors took part in Team Judging, Team Fitting, the Stockman's Knowledge competition and the Pee Wee's learned how to make rope halters and other activities. New General Manager of the Manitoba Beef Producers, Carson Callum was in attendance to see what our Junior Beef Producers are involved in and see their various skills. Saturday

evening was wrapped up with the Cook-Off competition sponsored by Enns Brothers Equipment and a slip n' slide to cool off for the day!

Sunday was show day. Thank-you to our show day judges, Robin Hogberg, John Hogberg and Kolton McIntosh. Juniors participated in showmanship classes in the morning and then confirmation classes in the afternoon. We rounded the day off with a parade of champions and a parade of 4-H champions then finished the evening off with awards. Each and every year Round-Up is a weekend filled with friendships, learning, skills and knowledge. It was once again another successful weekend!

Round-Up 2019 Committee: Lois McRae and Laura and Jake Rawluk (Co-Chairpersons), Rilla and Travis Hunter, Wenda and Naomi Best, Blair McRae, Andrea Bertholet, Samantha Rimke, Albert and Michelle Rimke, Candace Abey, Nanette Glover, Jackie Cavers, Megan Baron, Cody Carson, Trevor and Taylor Carlson, Geoff Paterson and Monty Thomson.

1. Cody Carson, Rossburn

2. Sadie Anwender, Radville

Grand Champion Simmental Heifer Calf: Cody Carson with NAC Merlot 92F

Reserve Calf Champion: Sadie

Anwender with Me'n My Honey Dew

27G

Class 2 Simmental Bred Heifers

1. Carly-Jo Carson, Rossburn

2. Dawson Cruikshanks, Brandon

Junior Champion Simmental Female:

Carly-Jo Carson with NAC Merlot 92F

Reserve Junior Champion Female:

Dawson Cruikshanks with Perks

Rachel 935F

Class 3 Two year old Simmental female and calf at side

1. Cody Carson, Rossburn

Senior Champion Simmental Female:

Cody Carson with RJY Pocahontas

41E

Grand Champion Simmental Female:

Cody Carson with RJY Pocahontas

41E

Reserve Grand Champion Female:

Carly Jo Carson with NAC Merlot 92F

**Commercial Show**

Class 2A – Commercial Bred heifer Class

- 1. Jagger Allum, Carnduff
- 2. Wyatt Thompson, Carnduff
- 3. Dawson Cruikshank, Brandon
- 4. Svienna Bjarnarson, Gladstone

Class 2B - Commercial Bred heifer Class

- 1. Brock Sigurdson, MacGregor
- 2. Zach Hill, Redvers
- 3. Svienna Bjarnarson, Gladstone
- 4. Kaitlyn Davey, Westbourne
- 5. Declynn Allum, Carnduff
- 6. Liz Strachan, Brandon

Class 2C - Commercial Bred heifer Class

- 1. Kaitlyn Davey, Westbourne
- 2. Levi Best, Harding
- 3. Emily Speers, Alexander
- 4. Lucas Bieganski, Carberry,
- 5. Emily Murray, Portage

Junior Champion Commercial Female:  
Brock Sigurdson  
Reserve Junior Champion: Zach Hill

Class 3 Commercial 2-year-old Female with calf at side

- 1. Svienna Bjarnarson, Gladstone
- 2. Dawson Cruikshanks, Brandon

Senior Champion Commercial Female:  
Svienna Bjarnarson  
Reserve Senior Champion Female:  
Dawson Cruikshanks

Grand Champion Commercial Female:  
Brock Sigurdson, yearling heifer  
Reserve Grand Champion Female:  
Svienna Bjarnarson

Class 5 Commercial Bull Calf

- 1. Svienna Bjarnarson, Gladstone
- 2. Kaitlyn Davey, Westbourne

Commercial Bull Calf Champion:  
Svienna Bjarnarson  
Reserve Bull Calf Champion: Kaitlyn

Davey

Fat Steer Show

Class 6A – Steer class

- 1. Alice Rooke, Alexander
- 2. Kamryn Gilliland, Carievale
- 3. Brock Sigurdson , MacGregor
- 4. Ty Nykoliation, Crandall
- 5. Raelyn Graham, Swan River
- 6. Shayden Manz, Brandon

Grand Champion Steer Award: Alice Rooke  
Reserve Grand Champion: Kamryn Gilliland

Each and every year Round-Up is a weekend filled with friendships, learning, skills and knowledge. It was once again another successful weekend!

**Manitoba’s Controlled Crop Residue Burning Program**

# Always Call Before You Burn

# 1-800-265-1233

## Stubble burning restrictions

Manitoba’s crop residue burning regulation restricts daytime burning between August 1 and November 15. Burning at night is illegal. Burning within Burning Permit Areas requires a permit issued by Manitoba Sustainable Development.

If you do not comply, you may be fined as much as \$50,000.

## If you must burn, be responsible

Before you burn straw, stubble or chaff this fall, call 1-800-265-1233 or visit [manitoba.ca](http://manitoba.ca) to find out whether burning is allowed in your area that day.

Burning is permitted only on days when the weather conditions allow for effective smoke dispersion.

It is essential that you make sure appropriate fireguards are in place during a burn and you must supervise your fires at all times.

## Consider the alternatives

In most years, crop residue management practices can reduce or eliminate the need to burn. For more information, contact your local Manitoba Agriculture office or visit [manitoba.ca](http://manitoba.ca).

# Reducing Livestock Predation Risk: Testing Innovative Ways to Minimise Losses

## Looking for cooperators

Payments will not be made to producers for their involvement, it is expected that those participating in the project are already experiencing losses at a level that they would see the benefit in a target approach with highly specialized equipment and expert involvement.

### Contact:

**Melanie Dubois**

Text Cell: 204-573-3535

Office: 204-578-6646

Melanie.Dubois2@Canada.ca

**Sr. Riparian and  
Biodiversity  
Biologist**

Brandon Research &  
Development Centre

18th & Grand Valley Rd

Brandon Manitoba

### What we are doing:

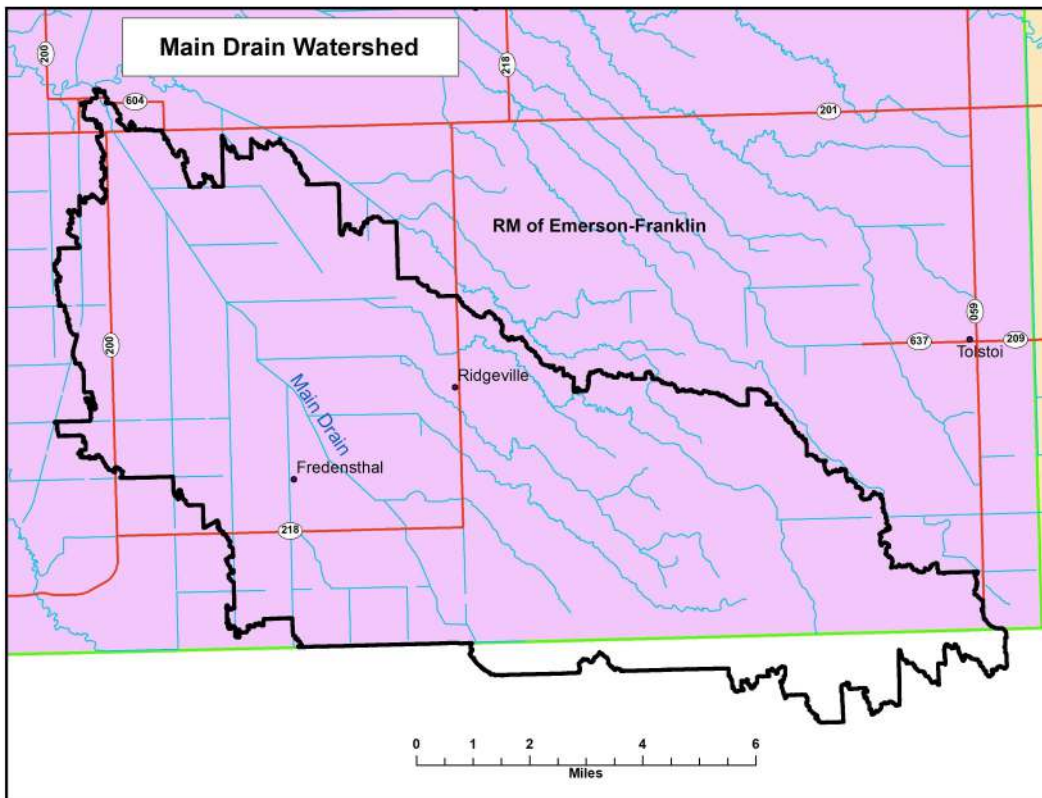

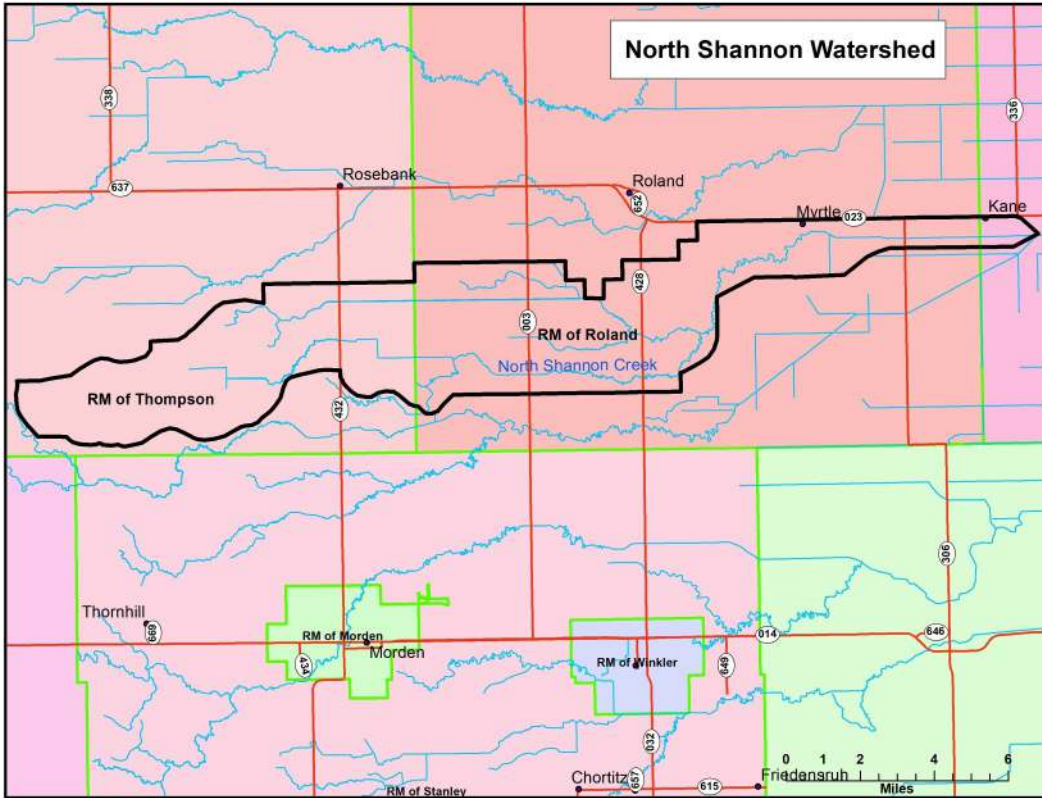

- 1) Testing a method of assessing the risk of predation to your operation
- 2) Deploying multiple monitoring & predator deterrents

Are you experiencing losses within  
the outlined watersheds?

This project is looking for innovative livestock producers who:

- are experiencing losses
- willing to try unorthodox experimental approaches to stopping predator attacks
- willing to provide information on costs, attitudes, animal husbandry, mortality management and past losses among other information
- will provide in-kind support in the form of assisting with fence/equipment installation, weekly monitoring of fences and trail cams, moving of equipment on a regular basis
- will participate in demonstration events, interviews, web and paper based communications.

# Target watersheds are found in Districts 2, 3, 4, 6 & 8.

# Target watersheds are found in Districts 2, 3, 4, 6 & 8.
